

Manufactured to the original 'Dig for Victory' formula, Vitax Growmore contains the three major nutrients essential for strong and healthy growth. Vitax Growmore promotes heavy crops of fruit and vegetables, balanced vigorous plants and beautiful flowers.

Vitax Growmore is the ideal fertiliser to use before laying turf or sowing grass seed.

DIRECTIONS FOR USE

Vitax Growmore should be applied evenly at the recommended rate, hoed or forked into the top surface of the soil, and if dry, well watered for maximum benefit.

FLOWERS:

Prior to sowing or planting: 140 grammes per square metre (4oz per square yard).

As a top dressing for established plants: 70 grammes per square metre (2oz per square yard) at 8 - 10 week intervals.

VEGETABLES:

Potatoes: prior to planting 200 grammes per square metre (6oz per square yard).

Other vegetables: prior to planting or sowing 140 grammes per square metre (4oz per square yard).

As a top dressing: 70 grammes per square metre (2oz per square yard) sprinkled evenly between the rows at 8 - 10 week intervals.

SHRUBS, FRUIT TREES AND BUSHES:

When planting trees or shrubs: mix between 70-140 grammes (2-4oz) with the infill, depending on the size of the plant.

As a top dressing in Spring: 140 grammes per square metre (4oz per square yard) applied evenly over the area covered by the branch spread.

NEW LAWNS:

140 grammes per square metre (4oz per square yard) forked into the top 8cm of soil before sowing grass seed or laying turf.

Helpful Advice

Read the directions carefully before use.
Store the fertiliser in a dry place away from children, pets and foodstuffs.
Wash hands after use. Product may irritate cut or broken skin.
Do not exceed the recommended application rates.
Avoid the fertiliser lodging on leaves and stems.
