Promotes strong healthy growth on bedding plants, vegetables, fruit and flower crops, trees and shrubs all around the garden.

Contains equal proportions of the three major plant foods, Nitrogen, Phosphate, and Potash, together with trace elements. For use at weekly intervals throughout the growing season as an effective all round feed.

DIRECTIONS FOR USE

Apply using watering can or hose-end dilutor.

As a weekly feed: Add 10g (2 teaspoonsful) to every 6 litres ($1\frac{1}{2}$ gallons) of clean, cold water. Stir to dissolve and water the soil or growing media thoroughly around the base of plants as far as the leaves spread. Apply at weekly intervals throughout the season. To feed at every watering:

Add 5g (1 teaspoonful) to every 9 litres (2 gallons) of clean, cold water. Stir to dissolve and water the soil or growing media thoroughly with the feed in place of normal watering.

As a lawn fertiliser:

Mix 20g (4 teaspoonsful) in 6 litres of water and apply evenly over 10 m² (12 sq yds) using a watering can fitted with a fine rose. Re-apply at 6 week intervals from April to September.

STORAGE

The fertiliser may be stored indefinitely. To avoid absorbing moisture from the air, re-seal the pack carefully and store in a cool, dry place.

ANALYSIS

EC FERTILISER			
NPK Fertiliser 19 19 19 with Trace Elements		NPK Fertiliser 19 8.3 15.8 With Trace Elements	
Total Nitrogen (N)	19.0%	Total Nitrogen (N)	19%
of which: nitric nitrogen	5.5%	Of which nitric Nitrogen	5.5%
ammoniacal nitrogen	3.8%	ammoniacal nitrogen	3.8%
ureic nitrogen	9.7%	ureic Nitrogen	9.7%
Phosphorus Pentoxide (P ₂ O ₅) soluble in		Phosphorus (P) Soluble in neutral	
neutral ammonium citrate and in water	19.0% (8.3%P)	ammonium citrate and water	8.3%
soluble in water	19.0% (8.3%P)	Soluble in water	8.3%
Potassium Oxide (K ₂ O) soluble in water	19.0% (15.8%K)	Potassium (K) Soluble in water	15.8%
Boron (B) soluble in water	0.013%	Total Boron (B)	0.013
Total Copper (Cu) chelated by EDTA	0.025%	Total Copper (Cu) chelated by EDTA	0.025
Total Iron (Fe) chelated by EDTA	0.05%	Total Iron Chelated by EDTA	0.05%
Total Manganese (Mn) chelated		Total Manganese chelated by EDTA	0.025
by EDTA	0.025%	Total Zinc (Zn) chelated by EDTA	0.009
Total Zinc (Zn) chelated by EDTA	0.009% UK
